

SDI Review Form 1.6

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_44015
Title of the Manuscript:	Efficacy of Selected Biopesticides and Botanical Extracts in Managing Rice Stem borer, Chilo partellus (Swinhoe) (Lepidoptera: Crambidae) in Tanzania
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Make the paper scientific. As it is, it sound like a practical report	
Minor REVISION comments		
Optional/General comments	The manuscript describes potential biopesticides from plant extracts. It is suggested to re-write it in order to make clear. As it is, the manuscript is chaotic and has serious writing, grammar, coherence and format issues. There is no coherence within the writing. The manuscript needs revision from the corresponding author to give uniformity to the text. A revision from an English speaking person is strongly suggested. Also a revision of the title should be considered.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
