PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Considering that some species were not identified with the full name, don't you think that would be better to leave them as "unclassified"?	
Minor REVISION comments	Please, give more information about the identification process, like: - How did you identified the species? A herbarium were consulted? - What was the species naming system used? APG IV?	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	*(If yes, Kindly please write down the ethical issues here in details)*
