SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Where is the number of the protocol of acceptance by the committee of ethics in animal research. It is not enough say "...This work was performed according to the international guidelines for animal laboratory care."</p> <p>The author cited: Le Loir et al, 1998; Gerber, SD et al, 2007; Schellhorn & Hassan, 1988; in the text, but he has not put them in his reference.</p> <p>There is this reference "Handa O, Naito Y, Yoshikawa T. "Redox biology and gastric carcinogenesis: the role of Helicobacter pylori". RedoxRep. 2011.16 (1): 1–7. " But it is not in the text.</p> <p>Ethical issue: there is. The author has not told if this manuscript was accepted by a committee of ethics in animal research. This is vital important. It is not enough say "...This work was performed according to the international guidelines for animal laboratory care."</p>	
		<p>This is allowance on animals research and usage</p>
Minor REVISION comments	<p>This reference is incomplete: "Hikmate Abriouel,1† Anette Herrmann,1 Joachim Stärke,2 Nuha M. K. Yousif,1 Agus Wijaya,1"</p> <p>Please put space among the references, there are some that there is not space.</p>	revised

SDI Review Form 1.6

	<p>In the organizational structure of the text, several times the author stopped putting space between the text and the first parentheses. On several occasions the author stopped putting space between the abbreviation of the name of the species and the name of the genus. In the discussion, he wrote only wrong: "... the presence noly in the blood of the experimented animals.It is proved that no influence of recombinant L.lactis... "</p> <p>Multiple parts of text without space after end point. And in some cases missing the end point.</p> <p>The words "identification" and "purifications" were wrote wrongs, the author wrote "identfkation" and "purifikation". E.g.: "...quick PCR purifikation Kit (QIAGEN Inc), and digested ..."</p> <p>The author wrote in this phrase "...Microbial strains of recombinant Lactococcus lactis and normal NZ 9000 were obtained from the..." without put the scientific name in the correct form.</p> <p>The word <i>In vitro</i> must be in italic form : "...in recombinant strains in vitro."</p> <p>In table 1, please organise the first column, alignment it.</p> <p>Pay attention the punctuation.</p>	
<u>Optional/General</u> comments	<p>If the author correct the mistakes and give us the number of the protocol of acceptance by the committee of ethics in animal research; it is a good manuscript.</p>	Please review it again
