

SDI Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_38682
Title of the Manuscript:	EVIDENCE ON ANTIMICROBIAL EFFICACY OF COMMERCIAL TOOTHPASTE
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

	Sr.No. of lines	Comments																																																																																		
	8	'brand were'																																																																																		
	13	Delete the coloured words																																																																																		
	18	Delete the coloured word																																																																																		
	20	'Diseases'																																																																																		
	20-21	Delete the entire sentence																																																																																		
	22-23	Delete the entire part marked																																																																																		
	28	'There are a number of microorganisms..'																																																																																		
	29	'caries'																																																																																		
	30	Delete semicolon																																																																																		
	31	Delete the marked portion																																																																																		
	32	Delete 'the'																																																																																		
	33	'diseases'																																																																																		
	34	' in its' ; 'the' growth																																																																																		
	35	Delete the marked portion & change to 'claimed the addition of'																																																																																		
	36	'which'																																																																																		
	51	Delete																																																																																		
	58	'concentrations'																																																																																		
	59	'isolate', 'was'																																																																																		
	60	'were'																																																																																		
	61	'concentrations'																																																																																		
	62	Make the statement clear																																																																																		
	63	'acted'																																																																																		
	84	'did not'																																																																																		
	85	'show'																																																																																		
	90	'antibacterial agents'																																																																																		
	91	Delete																																																																																		
	93	Delete																																																																																		
	94	Specify the names of microorganisms																																																																																		
95	Delete																																																																																			
99	'against'																																																																																			
104	'against'																																																																																			
116	Delete																																																																																			
117	'odour'																																																																																			
118	'microorganisms'																																																																																			
119	'ingredients'																																																																																			
123	Delete																																																																																			
137	Give the scientific name																																																																																			
145	'against'																																																																																			
146	'against'																																																																																			
150	Delete
