

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	Ms_BJMCS_29001
Title of the Manuscript:	A Fixed point theorem for mapping satisfying a general contractive condition of integral type with w-distance
Type of the Article	Not original

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author has studied the fixed point theorem using w-distance. Major portion of the theorem is studied using w-distance replacing the metric $d(x,y)$ studied by the author : A. Branciari.
