

SDI Review Form 1.6

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_36357
Title of the Manuscript:	Application of Quick Simplex Method On The Dual Simplex Method.(A New Approach)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	• Mention the algorithm clearly before applying the Quick simplex method to the problems • Give the reference/source from which worked out problems are taken • Rewrite the conclusion part with proper English, stating clearly the reason, how quick simplex method is better than others? A comparative study of all the methods in the tabular form would be better. • Put the references properly	1) In the reference section ,Reference number 2 explained details regarding Quick Simplex Algorithm if I included then it may be repetitions of the content from one paper to another. 2) Problems are taken from the book S.D Sharma Operations Fifteenth Edition. 3) A comparative study is already mention in reference number 3. 4) ok
Minor REVISION comments	Formatting of the entire paper is required (See the font size, text alignment etc. properly.)	ok
Optional/General comments
