SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	In this paper, the author try to provide a new method of the eigenvalue problem solution through the basis exchange algorithms. Firstly, the paper is not well organized. For example, the author subscribes many methods of other papers, but I cannot find the compare with the new method. Secondly, there are many format errors. For example, the first line of each paragraph should leave two blank spaces At last, the abstract should be rewritten.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
