

SDI Review Form 1.6

Journal Name:	<u>British Journal of Mathematics & Computer Science</u>
Manuscript Number:	Ms_BJMCS_34443
Title of the Manuscript:	Small random perturbations for dynamical systems with reflecting boundary in Besov-Orlicz space
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Manuscript is very equipped with topology and functional analysis . There are a lot of novelties in this study. I read it tastefully. Manuscript is very bright, well designed ,apprehensible and useful in area of Functional Analysis. References and definitions are enough for this study. Proofs of theorems and lemmas are looking true and useful in regarding areas. Consequently, I admire this study .The results of this paper are thus very interesting and encouraging. Moreover, I believe the theoretical proofs of this paper are correct. Hence I recommend this work to be published in this journal in its present form.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
