

SDI Review Form 1.6

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_38438
Title of the Manuscript:	ADIPONECTIN ROLE IN CHILDHOOD OBESITY: ETIOLOGY AND PATHOGENESIS
Type of the Article	Review Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The review paper wrote mainly based on aetiology and pathogenesis of childhood obesity and a little on adiponectin. Therefore, it is suggestible to make the title as "Aetiology and pathogenesis of childhood obesity and role of adiponectin" or "Recent advances in understanding of aetiology and pathogenesis of childhood obesity"	The title has been changed as suggested. In particular, we used the following title: " RECENT ADVANCES OF THE ROLE OF ADIPONECTIN IN THE UNDERSTANDING OF AETIOLOGY AND PATHOGENESIS OF CHILDHOOD OBESITY "
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
