

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_40379
Title of the Manuscript:	DISSEMINATED INTRAVASCULAR COAGULOPATHY; A CONDITION TO MONITOR IN THE MANAGEMENT OF LEUKAEMIA PATIENTS
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>1. Correct highlighted typographical errors</p> <p>2. INTRODUCTION- Paragraph 4: Note that ACUTE PROMYELOCYTIC LEUKAEMIA is a SUBTYPE OF ACUTE MYELOBLASTIC LEUKAEMIA (not promyelocytic leukaemia as stated in the manuscript)</p> <p>3. Subject Selection: What does “other special medical centres around” mean? Its very non-specific.</p> <p>4. DISCUSSION- In conclusion... This study has therefore revealed strong evidence of possibility of DIC in individuals suffering from various types of leukaemia condition (ALL AML, CLL and CML) regardless of their gender and treatment status.... The manuscript earlier stated there were no ALL cases- therefore highlighted text of ALL should read AML.</p> <p>5. REFERENCES- Ref. 11 does NOT APPLY to this manuscript</p>	<p>All corrections have been done and amendments made as suggested.</p>

Comment [KK1]: Was it AML or ALL patients???
