**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Ethical issues: Not reported and not highlighted</b>	
<b>Minor</b> REVISION comments	The study demonstrates the importance of investigating the health of the young population in order to prevent emerging diseases. It would be advisable to indicate in the discussion aspects related to the prevention of such manifestations and in-depth studies which practical implications your results may have for the Nigerian population in general.	
<b>Optional/General</b> comments
