PART 1: Review Comments

	Reviewer's comment	**Author's comment** (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	**In the tittle**: Among should be written among **in Kingdom of Saudi Arabia**: **it should be omitted from the title** because if the researchers wants it; they must use sample which covers all populations in Saudi Arabia, whereas they select their sample only from King Abdul-Aziz University Hospital in Jeddah.	
Minor REVISION comments	** The researchers did not specify the research questions that they need to answer it before the study. **The two types of questionnaire that was used are lacking validity or/and reliability for them: • Tool 1:- was based on three major dimension demographic data, knowledge, complication of DM: and • QOL (physical health, psychological health, social relationship, environment). The researcher did not perform any type validity or/and reliability for them.	
Optional/General comments
