PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the
<u>Compulsory</u> REVISION comments	This is a short report experience as a volunteer at the medical camp at Savar in Bangladesh to help the victims of a building collapse. Ethical Issue- It is the description of a catastrophe under the gaze of a surgeon and his feelings about it	The reviewer has understood the message of the article quite clearly. To maintain ethical reportage, I have not disclosed any identifying information on the victims of the tragedy.
<u>Minor</u> REVISION comments	No revision	
<u>Optional/General</u> comments	The author ends the report commenting the behavioural changes in doctor-patient relationship that the experience brought to his professional and personal life.	I would like to thank the reviewer for taking the time to review the paper and I am grateful for the encouraging words.
