SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Authors to present the paper in accordance with the style of the journal. 2. Introduction: Authors to reduce information on anti-inflammation and include information on the several biological potentials of the plant, and compounds isolated previously from the plant, compounds that possess biological activities especially anti-inflammatory 3. The phytochemical screening should be removed since no qualitative information could be derived 4. The discussion should include comparison with previous data from the plant on the subject matter 5. The discussion is too meagre and should be updated with relevant data 6. References should be given accordingly to the style of the journal 7. Probably pictures of animals taken should be included	
<u>Minor</u> REVISION comments	1. SI units should be used 2. SD data to be provided	
<u>Optional/General</u> comments
