SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The theme of the review is relevant, but it presents many problems of english language. Some paragraphs are very confusing and redundant. The overall impression is that the informations presented are not very enlightening about the molecular mechanisms underlying epilepsy. Astrocytes are barely mentioned in the review although their role in epilepsy is strongly suggested.	The problem with the English language has been corrected. The confusing paragraphs have been rewritten. The role of Astrocytes has been presented in a better way.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	A major english revision is required.	A major english revision has been done.
