SDI Review Form 1.6

**PART 1:** Review Comments

|                                     | Reviewer's comment                                                                                                                                                                                            | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>                                                                                                       |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments | <b>Give more emphasis on mucosal retention cyst instead of mucocele throughout the text.</b><br><br><b>Ethical issues:</b><br><b>The authors claim to have obtained the patient's consent for use of data</b> | The purpose of the article is to emphasise the differences between mucous retention cyst and mucous extravasation phenomena, the two entities with one common term i.e. mucocele with the help of an example of mucous retention cyst.<br>Patient's consent was taken for the use of data. |
| <b>Minor</b> REVISION comments      |                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                            |
| <b>Optional/General</b> comments    |                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                            |
