

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Advances in Medical and Pharmaceutical Sciences
Manuscript Number:	Ms_JAMPS_29269
Title of the Manuscript:	EVALUATION OF CARDIOPROTECTIVE PROPERTIES OF AQUEOUS AND ETHANOLIC EXTRACTS OF FENTANDROPHRAGMA ANGOLENSIS, COLA NITIDA AND GOMPHRENA CELOSIOIDES AGAINST DOXORUBICIN-INDUCED CARDIOTOXICITY IN RATS
New title:	EFFECTS OF EXTRACTS AQUEOUS AND ETHANOLIC OF ENTANDROPHRAGMA ANGOLENSIS, COLA NITIDA AND GOMPHRENA CELOSIOIDES AGAINST DOXORUBICIN-INDUCED CARDIOTOXICITY IN RATS
Type of Article:	Original research papers

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Title should be 'EFFECTS OF AQUEOUS AND ETHANOLIC EXTRACTS OF ENTANDROPHRAGMA ANGOLENSIS, COLA NITIDA AND GOMPHRENA CELOSIOIDES AGAINST DOXORUBICIN-INDUCED CARDIOTOXICITY IN RATS' For Methods – Sample section, it should be written in past tense as the authors already performed this study. For Discussions – line 368 'and increase HDL in pétraités groups by extracts may be due to the presence of certain bioactive compounds in plants.' What groups are those? For References – the style of the journal name is not consistent. E.g. Pak. J. Biol. Sci., Chem Pharm Bull, World journal of pharmaceutical research, New England Journal of Medicine	Yes, the title must be 'EFFECTS OF AQUEOUS AND ETHANOLIC EXTRACTS OF ENTANDROPHRAGMA ANGOLENSIS, COLA NITIDA AND GOMPHRENA CELOSIOIDES AGAINST DOXORUBICIN-INDUCED CARDIOTOXICITY IN RATS' The sampling section was written in the past as recommended. Page 154-163 These are been holder groups treated with the extracts at a dose of 500mg / kg. (EEY2, EEA2, EEG2, EAY2, EAE2, EAG2). Page 367,368,369. The style of the journal name has been harmonized in the manuscript. Page 422, 470
