SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Specify duration of study & data analysis in methodology 2. In Table No I pregnancy sub heading can be changed to gestational age Marital status subheading can be changed to gravida , Can give two options in gravid as primigravida and multigravida. since marital status means married , unmarried 3. There is no attempt at statistical analysis of data. 4. Spelling correction in figure No. 2 i.e women with new husband 5. In result section only mention highest and lowest values, since the entire data is captured in result column. So avoid repetition. 6. In graph figure should be mentioned in descending order 7. The discussion appears very repetitive (i.e results repeated again). 8. The study limitations need to be explained more fully. 9. References are listed with inconsistent format
