

SDI Review Form 1.6

Journal Name:	Journal of Advances in Medical and Pharmaceutical Sciences
Manuscript Number:	Ms_JAMPS_34172
Title of the Manuscript:	The Phytochemical and Antimicrobial Potential of The Crude Extracts of Bridelia ferruginea and its extracellular biosynthesized silver Nanoparticles
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The paper “The phytochemical and antimicrobial potential of the crude extract of Brideliaferruginea and its extracellular biosynthesized silver nanoparticles” is of general interest but need some revisions: 1.- Major English revision is required; several grammatical errors can be found in all manuscript. 2.- The author, in a kindly manner, need consider the change of title: The phytochemical and antimicrobial potential of the crude extract of Brideliaferruginea and the extracellular biosynthesis of silver nanoparticles 3.- The authors, kindly, check the units, for example said: 100 mls, 200 ml, 72 hrs, 100 µl, must be: 100 mL, 200 mL, 72 h, 100 µL, check in all manuscript. 4.- The line 142 said: reduction of the AgNO₃ to Ag⁺, is it correct is a reduction process must be of the AgNO₃ to Ag⁰. The authors need check the manuscript. 5.- The authors need to review the FTIR assignments, the value 2360 correspond to CO₂ instead of CH. 6.- The authors need check the references; some references have another format.	The title has been changed The units has been corrected throughout the manuscripts and were highlighted yellow Line 142 and 298 - Ag⁺ has been changed to Ag⁰ LINE 294 – It was CH Line 448, 458, 463, 470, 514- The references has been corrected
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
