PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Needs spell check and grammar corrections	- Spellings corrected
<u>Minor</u> REVISION comments	This is supposed to study the effect on cognitive function- NORT could be a test used. Yet it brings out a fact that curcumin may aid in improving the cognitive function.	- noted
<u>Optional/General</u> comments	Kindly suggest that how it can be used as a supplement in diabetic patients.	- Suggested in the conclusion section
