PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	It is an interesting paper regarding the function of HIF-1 and HIF-2 in tumorigenesis but it is a hard reading paper. I think that it was more easy to understand the conclusions if some pictures or graphs had been used.	
Minor REVISION comments		
Optional/General comments
