SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper provides us interesting data of incidence of breast cancer in Nigerian population. But the text needs to be improved. For a review, this text has a small introduction and a simple discussion. Paper writing needs to be corrected in many places. Errors like: two spaces, absence of points, or wrong punctuation are common here. Some paragraphs needs to be rewritten. For example in line 7: twice the word <u>lesions</u>, the second lesion can be removed; in line 8: twice the words: <u>north central Nigeria</u>, the first can be removed. " This study aimed in examining..." Line 25: can removed the second <u>breast</u>; Line 29: The paragraph "In Nigerian and with...the overall yearly on the increase" needs to be rewritten. Line 30-31: not <u>cancer of the cervix</u>: cervical cancer; Line 32: "A review of solid cancers in Zaria showed that breast cancers was second only to cancer of the cervix." – needs to be rewritten – was second only to....missing words and English correction. Line 32 and 33: " gave the incidence of developed breast cancer in Nigeria to be between 7 to 10,000" – missing words and English correction. Line 34: "<u>our environment</u>": the authors need to be more formal and replace words like that. Remove: Our environment and substitute for: Nigeria population. Line 36: lack space: "presentation.With" Line 39: "Benue state university teaching hospital" – The

	initials in upper case. Line 48: lack space and points. Line 50 until 53: put (;) in the place of (.) between of the examples. Figure 1: y axis legend is missing. Figure 3: overlapping numbers; legend: "to the breast" – of the breast; Figure 4: can be removed because provides the same data of figure 1. Line 100: "an incidence that is lower to other work (16)" – what work? Be more formal. Line 125: first paragraph of conclusion needs to be rewritten. Line 127: missing spaces and points. Introduction, Discussion and conclusion needs to be improved. In terms of English correction and enrichment of literature data.	
Minor REVISION comments		
Optional/General comments	All the text needs to be improved, with more literature data and correction of English writing.
