

SDI Review Form 1.6

Journal Name:	Journal of Advances in Medical and Pharmaceutical Sciences
Manuscript Number:	Ms_JAMPS_44300
Title of the Manuscript:	Trends in antibiotic resistance among major bacterial pathogens isolated from different specimens at a tertiary care hospital in India
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. Author's may remove the background section in their abstract. Include the following in this order in your abstract; Aim, Study Design, Place and Duration of Study, Methodology, Results, Conclusion. 2. The statement in line 70-71 is not complete. It could be written in this way: The clinical samples used for pathogen isolation were urine and respiratory secretions. 3. Line 85-86; 'Zone of inhibition were measured the next day', it should be rewritten as; Zones of inhibition were measured after 24 hours of incubation. 4. Line 95' the statement 'For other details and demographic characteristics refer to Table no 1, is not proper. It should be reconstructed as; The demographic and baseline characteristics of all study subjects are presented in Table 1. 5. Provide the reference number for the following authors: a) Singh <i>et al.</i> [] line160-161, b) Ghosh <i>et al.</i> [] line 163. 6. The word 'alternate' in line 181 should be replaced with 'alternative'. 7. Conclusion section should be provided.	Author's may remove the background section in their abstract.
