PART 1: Editorial comments

	<u>Editor's Comment:</u>	Author's comment
<u>Compulsory</u> REVISION comments	There are critical grammatical and editorial errors throughout this manuscript. Authors need to perform the required corrections for publication. In addition, I suggest significantly improve the quality of the images (now the quality is terrible) and include magnification and scale bar. I have highlighted in yellow grammatical errors. Attached the original article. It is very important for the authors to disclose the reference number for their animal ethics approval	All the errors that you have highlighted as yellow colour in .pdf file were corrected previously. It was corrected in the revised version-2. Animal ethics approval reference number is 65/230/IAMEBBSC/IBSc
