SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	- An expert in English should review the paper. In particular acronyms such as MRI or USA should be written with capital case letters. - The title and the Abstract do not convey the content of the article. - The Introduction is too long and contains unnecessary information about cancer in general. - The Materials and Methods and the Results sections are poorly written; more details are needed. -The Discussion and Conclusion sections are difficult to follow, given the poor quality of previous sections.	All the English language and grammar mistakes have been corrected. Title, abstract, introduction, material and methods, discussion and conclusions are reconstructed. Mistakes of reference has been corrected
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
