PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	It would be worth to know detailed results of Pap smears in both groups (no of ASCUS, AGUS, LSIL, HSIL). Couple of printed errors are present (for example: small and large letters)- manuscript needs revision for such errors. English is good. Methods and results are well chosen and presented. Discussion is interested and references are properly chosen.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
