PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an interesting study that aimed to to provide a present outlook of colorectal diseases among patients with special emphasis on histopathological changes associated CRC in Missan province in Iraq. Please English should be revised by a native speaker; there are multiple grammar and spelling errors in the text. statistical analysis was well carried out and results are clearly presented. I would suggest to include in the discussion section more references on the topic (e.g. Biondi a et al World J Gastrointest Surg. 2016; Marventano S et al Int J Colorectal Dis. 2014; Grosso G et al Nutr Cancer. 2014; Biondi A et al Surg Laparosc Endosc Percutan Tech. 2014 ; Nolfo F et al BMC Surg. 2013; Biondi A et al J Laparoendosc Adv Surg Tech A. 2013)	1) Some grammars were corrected, and some suggested references added on the topic in the discussion. 2) Some of suggested references were added on the topic in the discussion, but am not found all the suggested references.
Minor REVISION comments		
Optional/General comments
