PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Overall is a well written article describing a rare tumor, few changes are needed in this manuscript to be considered for its publication given below. 1. Discuss all the differential diagnoses of IMT on histopathological basis. 2. How does an IMT is different from myofibroma ? add this to the discussion. 3. Recently a paper is published by Bajpai M, depicting the use of smooth muscle actin in diagnosis myofibroma of tongue, cite that article in your reference, for your ease the citation is given below. Bajpai M. Smooth Muscle Actin: A Confirmatory Immunohistochemical Marker for Myofibroma of Tongue. J Coll Physicians Surg Pak. 2017 Jun;27(6):382-383. doi: 2644.	Thank you for your valuable suggestions. All the three points are considered and manuscript modified accordingly.
<u>Minor</u> REVISION comments	1) Correction of grammatical errors and spelling mistakes is required	Correction of previous grammatical mistakes done.
<u>Optional/General</u> comments
