

Editor's Comment:

The final decision for manuscript number 2013 AJEA 4049 entitled "Growth and Dry Matter Partitioning of Common Bean (*Phaseolus vulgaris* L.) Genotypes as Influenced by Aluminum Toxicity" by HirpaLegesse, RobiNigussie-Dechassa, SetegnGebeyehu, GeremewBultosa, and FirewMekbib.

Following evaluation of all documents related to the revised manuscript I can state that the manuscript is corrected according to all my requirements and now is sufficient for printing in American Journal of Experimental Agriculture. So I am pleased to tell that my final decision is: Accept.
