SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The work has very important in animal nutrition area, however I believe that three repetitions do not ensure the reliability of the results. Some corrections: Line 6 - remove "the effect" Line 8 - "one hundred and eighty day" ?? Age of animals? Line 66 - what is the duration of the experiment and the age of the animals; Table 1 - include in the table the levels of antibiotics and additives included in the experimental diets	All correction has being effected on the corrected copy of the manuscript Number of animals and the age has been included in the corrected version Duration has also been included Has been corrected
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
