SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The work is well written. However there is little improvement needed in the materials and methods. The water samples were written to have been taken with two litres. The author should let us know if the water analysis for oxygen and conductivity were taken onsite. If not onsite how else? Water parameters changes with time and temperature. This should be clarified	This was corrected and clarified in the manuscript. The measurements were taken onsite.
<u>Minor</u> REVISION comments	There are some grammatical errors, and few spellings mistakes.	The whole manuscript was proofread and grammatical and spelling errors were removed as efficiently as possible.
<u>Optional/General</u> comments
