

SDI Review Form 1.6

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	Ms_AJEA_25061
Title of the Manuscript:	Influence of Fungicides and Fungicide Spray Regimes on Vegetative Growth and Yield of Three Cultivars of Cocoyam (<i>Colocasia esculenta</i> L.) in Early and Late Planting Season in Nsukka Derived Savanna
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Comment 1: Line 48: phosphorous. Spelling mistake. Correct it. Comment 2. Soil sample characteristics before planting in early and late planting season measured by the authors need further information. Analysed soil samples measured; are they adequate or inadequate for crop production especially for cocoyam production? It is very important for the authors to write these indicators with references. Comment 3. Line 190: Soil Sample Characteristic..... Add s to Characteristic. Comment 4. Authors did not discuss effect of herbicides on Cocoyam. Herbicides as one of the factors in the experiment must be discussed with references.	Thank you for your candid observations. The corrections have been noted and effected. what was my treatment is fungicides not herbicides. thank you
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
