SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The paper should conform to the standard format of the AJEA such as Abstract, Intro, M& M etc. Tables should be in proper order having appropriate headings. In 'Discussion' portion, the authors should maintain coherence with the objectives of the study. There's no need to mention something in discussion not previously indicated by the materials & methods or objectives of the study.	We have followed authors guidelines If there is a part of our discussion you think not in coherence, you could mentioned again
<u>Minor</u> REVISION comments	The some revisions have been incorporated into the manuscript. The authors should go through these revisions.	-we appreciate the big contributions of the reviewer. -quit all revisions have been incorporated into the manuscript -the agro-ecological zones information about soil types, rainfall, temperature, are available with another team, been using for a report.
<u>Optional/General</u> comments
