SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)				
<u>Compulsory</u> REVISION comments						
<u>Minor</u> REVISION comments	Minor revision is mainly because aesthetic and more informative (for readers worldwide) reasons. In part Material and methods could be useful to add two maps as follows: <table border="1" style="width: 100%;"> <tr> <td style="height: 150px;"></td> <td style="height: 150px;"></td> </tr> <tr> <td colspan="2"> Map 1. Position of Meghalaya state in India (left); Positions of Jaintia, East Khasi and Ri-Bhoi districts in Meghalaya and locations of tested soils (right): 1= Padu,, 2 =, ... 10 =Sohrygkham. </td> </tr> </table>			Map 1. Position of Meghalaya state in India (left); Positions of Jaintia, East Khasi and Ri-Bhoi districts in Meghalaya and locations of tested soils (right): 1= Padu,, 2 =, ... 10 =Sohrygkham.		A map of the localities from where soil samples were collected has been included in the manuscript.
Map 1. Position of Meghalaya state in India (left); Positions of Jaintia, East Khasi and Ri-Bhoi districts in Meghalaya and locations of tested soils (right): 1= Padu,, 2 =, ... 10 =Sohrygkham.						
<u>Optional/General</u> comments	The manuscript is high quality contribution to sulphur investigations in soil. My suggestion is to publish this manuscript in "Journal of Experimental Agriculture International".
