PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	No compulsory revision.	
<u>Minor</u> REVISION comments	A major issue I had with this paper is lack of information about the physic-chemical soil characteristics. Thus, I suggest that the authors add this information in the manuscript.	I have added in the main Manuscript
<u>Optional/General</u> comments	The manuscript provides a great evidence of the phosphorus and zinc supplementation importance for growth, flowering and yield of gladiolus International.	Thank you Sir
