

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_36985
Title of the Manuscript:	Influence of different population densities in the production performance of azuki beans lineages
Type of the Article	Short Research Articles

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	-	
Minor REVISION comments	In Table 2, for example, 500 thousand plants.ha ⁻¹ should be written instead of 500 mil. plants.ha ⁻¹ , etc. The numbers should be shortened after the point for 3 and 4 digit numbers in tables and text, for instance, 2223 kg or 817 kg instead of 2222.89 kg or 816,7 kg.	
Optional/General comments	The manuscript falls within the scope of the journal, and, has a background the cultivation of legume crop. It contains new data, and it does not repeat already published works. Design, measurements and analyses are sound and appropriate. Title and abstract are brief and satisfactory. Introduction includes appropriate background or literature review. The objective & method are clear, adequate and appropriate. Tables are readable and suitable. Conclusions are supported by the data. Discussion gives proper credit to related works and indicates clearly the authors own contribution. Writing style of the manuscript is academic and clear.
