PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please add more details in materials and methods: - Experimental conditions (strain of birds, number of birds used per treatment, number of birds/cage, initial body weight of birds, etc.) - Details about the environmental conditions (temperature and RH) in the facility - Details how the PER was measured - Provide the animal protocol approval Please recheck the manuscript for grammatical errors Please avoid to repeat the result section in the discussion- a lot of redundancy	
Minor REVISION comments		
Optional/General comments
