

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_36722
Title of the Manuscript:	MAIZE VARIETAL RESPONSE TO INTEGRATED NUTRIENT MANAGEMENT OF NPK AND CHICKEN MANURE
Type of the Article	Original research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Good research work on the varietal response of maize to integrated management of NPK and chicken manure nutrients in the transitional agro-ecological zone of Ghana. The results have provided baseline information on the judicious combine use of inorganic and organic nutrients to achieve maximum growth and yield for this important staple cereal food crop. The study further highlighted the environmental consequence on the use of inorganic fertilizers on crop growth and on soil health and advocated for the reduction in the use of these synthetic chemicals.	
Minor REVISION comments	Some mistakes have been identified and pointed out using comment icons in the manuscript. Authors should endeavour to effect all corrections as pointed out in the manuscript. All journals should be written in full and not abbreviated.	
Optional/General comments	Good work and presenetation.
