

Editor's Comment:

My final decision for manuscript no Ms JEAI 38610. My decision is: Accept after minor correction as Short Research Article.

The final decision for manuscript number Ms_JEAI_38610 entitled 'Germination Optimization of *Butia odorata* seeds' written by Jones Eloy, Cristina Rossetti, Marines Batalha Moreno Kirinus, Paulo Celso de Mello-Farias, Marcelo Barbosa Malgarim, and Caroline Jácome Costa

Following evaluation of all documents related to the manuscript I agree with the Reviewers that the manuscript is acceptable for publishing in Journal of Experimental Agriculture International. Although, the manuscript is corrected with accordance of reviewers' suggestions and requirements, additional correction is still needed.

- The manuscript is rather short and describes single and simple experiment, so it can be accepted only as Short Research Article.
- I suggest changing title into: 'Optimization of *Butia odorata* seeds germination'.
- Two sections must be added, i.e. COMPETING INTERESTS and AUTHORS' CONTRIBUTIONS.
- REFERENCES must be prepared according to the Journal requirements.

My decision is: Accept after minor correction as Short Research Article.
