SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Overall, the study was well designed and well executed but the manuscript needs major corrections before it is suitable for publication as pointed out below. ABSTRAC: a more concise and clear conclusion must be written. The same is valid for the item CONCLUSION. The conclusion has to state clear the main result and which one is the best treatment that must be use in the tissue culture for passion fruit. INTRODUCTION: Line14; pg 1: ..., the largest fruit and its derivatives consumer??? Line 21; pg 1: I recommend to remove "elite". Line 26; pg 2: play a very important role WHERE?? MATERIAL AND METHODS Line 49; pg 2: ... the experiment was carried out in the Line 67; pg 2: .. <u>medium</u> shoot length – .. <u>mean or average</u> shoot length. Line 80; pg 3: replace "meaning" by where. RESULTS AND DISCUSSION Line 87; pg 3: this sentence is not clear. Figure 1. The word "Average" in the axis Y can be remove since it is in the legend. Figure 1D: root not rootz. Figure legend: It is not necessary to repeat the word "average". Largest or longest? After 60 days of beginning of culture?? Line 117-118; pg. 5: The first sentence is not clear. Line 123; pg 5: largest or longest root? Line 128; pg 5: largest or longest root? CONCLUSION: A more concise and clear conclusion must be written. The conclusion has to state clear the main result and which one is the best treatment that must be use in the tissue culture for passion fruit.	The considerations in the abstract were improved as recommended. INTRODUCTION The changes and explanations were made as indicated. MATERIAL AND METHODS The changes were made as indicated. RESULTS AND DISCUSSION It was better explained the sentence that was not clear. The term "average" was removed from the figure It was changed the term "largest" for "longest", as requested. CONCLUSION The conclusions were rewritten for a better understanding.
