PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	-In table 1; In the statement section (MP) but PM is used in the table. -In the results and discussion section especially page 4: Hue angle (°h) but in the table (h°) please correct.	- The abbreviations in Table 1 have been corrected. - Hue angle (°h) adjusted, as requested.
Optional/General comments	- The work is nicely prepared, but it will be much better if the determined points are corrected. -In the article, the use of d (shortly) rather than days is better. -In the article (Author and co-workers) or (Author and colleagues) instead of (Author et al.) expression is better. -There are spelling errors in the References section. It should be corrected. Especially number 24 and writing reference intervals	- d (shortly) rather than days were substituted, as suggested. - The expressions were substituted, as requested. In the references the expression "et. al." is in accordance with the template instructions (line 289). - References have been revised as suggested.
