

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_39792
Title of the Manuscript:	Use of coffee moinha in the composition of alternative substrates for melon seedlings production
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	In general, this paper is interesting and useful to be applied by farmer but it needs some add description, i.e. 1. Title: please make it more clear on what kind of substrates that useful for melon seedling 2. Introduction: please add quantitative data related to coffee moinha as a basis of this research 3. Material and Method: please add map of research location, and pictures the processing 4. Results and Discussion and References: please more refer to international journal such as relevant scopus journals for any statement of research results.	1. The type of substrate was determined for the production of melon seedlings. 2. Was added quantitative data related to coffee moinha as the basis of this research. 3. Was added map of research location, and pictures the processing. 4. was added references of international review.
<u>Optional/General</u> comments
