PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Interesting and well written paper on the topic. Below are several of my comments: a. Line 33-34: What does soybean grains has to do with the topic? b. Line 144-145: In Table 3, <i>Massa seca de folhas</i> (in English please) c. Line 158-159: In Table 4, <i>Massa seca de folhas</i> (in English please) d. Line 175: ~~The~~ the	a. Sorry, it was an error after the translation, it was adjusted b. the error was corrected c. the error was corrected d. the error was corrected
<u>Minor</u> REVISION comments	e. Line 48, 49, 53, 54, 55 and 56: Consider writing N in full first...should be written as such..Nitrogen (N). Do the same for the rest of the abbreviations (P2O5, K2O, Zn, Cu, Mn, B, Ca, S, CaCl2, P, K, Ca, Mg, Al, H, M.O., SB, CTC, and V).	f. The suggestion was accepted, the changes are highlighted in yellow
<u>Optional/General</u> comments	g. Consider doing and include test on soil pH as well as N, P, K, Na and Ca plant nutrient uptake as an additional support to your result findings.	h. We are sorry, but I am afraid that we cannot accept this suggestion, these results are part of another manuscript
