PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript requires thorough revision before publication. The abstract should be rewritten, keywords should be selected again, title of the manuscript requires change as the work has been carried out on the entomo-fauna, not on invertebrate community. Introduction, Material and Methods, results and discussion should be rewritten deleting the unwanted /irrelevant description. References should be written properly.	Dear Reviewer, thank you for your kind comments on our manuscript. We agree with the most of your comments, please, see the new version of the manuscript. However, quite general comments like: "Introduction, Material and Methods, results and discussion should be rewritten" was very difficult to understand. We will be very grateful if you can be more specific. Thank you very much for your attention.
