PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The summary must go to line immediately (without subtitles). The manuscript lacks background of research topic. Introduction is not the same as background. The bibliography adjust according to the regulations of the journal.	Thanks for your suggestions to improve the work. We reviewed each point and made the necessary adjustments. This is a work with a pioneering theme with the culture of papaya and we believe that there is relevant information for publication and dissemination of a promising theme for the innovation of this crop. We hope this revised version is better than before. We await your new opinion. Regards.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
