PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The whole manuscript gave good reading about NTFPs in Nigeria. If Nigeria has existing regulations, law and policy related to NTFPs, the author(s) should describe that will make clearer understanding why this review paper was carried out. In manuscript 3.1 Harnessing the potentials of NTFPs for National Development In this section, the author(s) described the potential ways to support national development through NTFPs, but any of issues/ problems related to NTFPs harvesting/ utilization/ local trading etc.	First and foremost I want to state that all the corrections made are marked in yellow colour. These corrections start from the key words. Changes were made in the key word as suggested by one of the reviewers. Then problems encountered in the utilization of NTFPs were mentioned in the introduction as suggested by one of the reviewer. All the corrections pointed out by one of the reviewer has been done. More references have been introduced and the total number of references has increased from 20 to 30. All are in colour yellow. I hope the corrections made are satisfactory.
