

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms JEAI 42266
Previous Title of the Manuscript:	Genetic Variability of Sugarcane Clones as Affected by Endemic Diseases at One-Row Screening Stage in Ferké, Northern Ivory Coast
New Title of the Manuscript:	Genetic Variability of Sugarcane Clones as Affected by Endemic Diseases Under Natural Infection at One-Row Screening Stage in Ferké, Northern Ivory Coast
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
- The title is too long. - The abstract will need overhauling. - The materials and methods are not so convincing especially on the layout of the trials. - The results are, so far well reported but subject to how author responds to the queries raised in the M&Ms. - The discussion is improving if the author can make the necessary edits. - The conclusion and recommendations will similarly improve if the necessary edits are made. - Pay more attention again to the grammatical errors See edited copy attached	Corrected (under natural infection deleted) Corrected Corrected (experimental design). Incomplete Block Design (IBD). Families not repeated except for the check variety Corrected Suggested appreciated and accepted. Necessary corrections made. Suggested appreciated and accepted. Necessary corrections made. Yes. Checked. That's Ok. Thanks a lot.
