PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper is a kind of review where the author is collecting information about a certain topic The arrangement and layout of the paper should be in the form of a review and the desktop or data collection must be done more thoroughly with at least collecting more than 30 journal articles and summarizing the data to validate the concept the author is trying to prove his argument about pineapple production More research should be done to validate his hypothesis He hypothesis should be clearly stated	The observation is noted. I have enriched the article courtesy the suggestions made by some reviewers. Moreso, several related literatures were reviewed during the writing of this article. Thanks
Minor REVISION comments		
Optional/General comments
