Manuscript Number:	Ms_JEAI_37096
Title of the Manuscript:	Growth Response of Maize (Zea Mays L.) Varieties to Row Spacing Under Irrigation at Geleko, Ofa Woreda, Wolaita Zone, Southern Ethiopia
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Data from field experiments needs for two yearly repetitions, at least. In this case, manuscript must be shortened and published as a short communications of preliminary results.	
Minor REVISION comments	Table 1 must be deleted. A brief cultivar descriptions must be included as a paragraph in materials and methods. Temperature and light intensity evolution during the experiments must be included. Table 2 must be deleted and soil physical and chemical properties must be included as a paragraph in materials and methods. Table 6 and 7 (incorreced numbering) must be combined as Table 1 References [7] and [15] are incomplete. References must be changed according Journal style	
Optional/General comments
