

SDI Review Form 1.6

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_JEAI_39214
Title of the Manuscript:	Rice response and ammonia volatilization from experimental zinc sulfate-coated ureas treated containing urease inhibitors
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper is very much helpful for rice production. So I find nothing to comment here.	
Minor REVISION comments	It would be better if author do some chemical analysis of different applied nutrients. It's a very much effective manuscript for nutrient management. It reduces the loss of N in rice field.	
Optional/General comments	Result should be more described by the author
